Line Magnetic Audio is a brand of High end products founded in 2005. Now it has become well known with its series reproduction of music and regarded as a forerunner in presenting innovative products with cutting edge technology and lasting intrinsic value. Tube electronics, CD players, Classic horns, Classis field coil speakers, DACs, a lot of different series of products we are working on not only Classis electronics but also new technology on dacs and CD players.

Following the renowned Altec Lansing Iconic design, this 2-way speakers system provides exceptional sound quality. The bass speaker with a diameter of 46 cm makes it possible to reproduce the low frequencies of an exceptional transparency.

The 1 3/4-inch motor mounted on the 8-cell horn offers a bandwidth ranging from 600Hz to 20kHz with an astonishing transparency and softness. Finally the output of 102dB into 8 Ohms makes them totally compatible with all kinds of amplification.

SPECIFICATIONS

Frequency response:
37Hz to 20KHz

Input sensitivity:
102dB

Power:
40W

Impedance:
8Ω

Bass driver: BA-18
Woofer diameter: 46 cm
Speaker: LM808
Compression chamber:
LM802

Finish:
Mahogany tinted multiply
wood

Connector:
Screw terminals compatible
with banana plugs
